Sir:

On September 10, 2004, Applicant filed a Supplemental Information Disclosure Statement which listed and included JP 2000-114824A. An English language translation of this reference was not attached to the Supplemental Information Disclosure Statement as it had been cited in a foreign patent application but a translation was not provided to us by the foreign patent office. We have recently received a computer generated English translation and have attached a copy for the Examiner's review. Applicant believes the translation affirms our original understanding of what the reference discloses.

The reference or references are being cited only in the interest of candor and without any admission that they constitute statutory prior art or contain matter which anticipates the invention or which would render the same obvious, either singly or in combination, to a person of ordinary skill in the art.

This Supplemental Information Disclosure Statement is being submitted in accordance with 37 C.F.R. 1.97(c)(1) as it is filed before the mailing date of any final action or notice of allowance and is accompanied by the following statement. Thus, no fee should be due. If the office disagrees, a fee can be charged under 37 C.F.R. 1.97(c)(2).

The translated version of JP2000-114824A contained in this Information Disclosure Statement was first received in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement.

The Commissioner is hereby authorized to charge any additional fees which may be required for this Information Disclosure Statement, or credit any overpayment to Deposit Account No. 19-2814. **A DUPLICATE COPY OF THIS SHEET IS ATTACHED.**

Respectfully submitted,

Date: Aug 9, 2005
